

Press Release

Date: June 06, 2005

Subject: ISO - 9001

In an effort to continually improve Worksmart, Inc. quality of Ground Penetrating Radar services today we would like to announce our ISO-9001 compliance.

Over the last many months we have working on the implementation of a quality operating system in our business. With the completion of our Quality Manual and the strong commitment of our employees, Worksmart, Inc. is now an ISO-9001 compliant contractor. Adhering to the rigorous ISO quality standards will continue to improve the quality of all aspects of our business.

Should your company require a copy of our manual, it will be available on our web site @ www.worksmartinc.net or in hard copy upon request.
